YES is the leading provider of practice-oriented economic and opinion-forming programmes for schools in Switzerland. Children and young people experience and learn about our economy, recognise social contexts and form an opinion. They develop their potential, network and find their role in the world of work. In the school year 2020/2021 alone, almost 5,300 young people, 650 teachers and 440 volunteers took advantage of our five programmes across Switzerland: Our Community and Pintelino (primary level), Fit for Business (lower secondary level), Youth Debate (lower and upper secondary level) and the Company Programme (upper secondary level).
